

Advancing horticulture for a better tomorrow together

Horticulture is essential to our lives, influencing food, nutrition, health, and well-being. ISHS is a non-profit independent and scientific society that promotes the exchange of horticultural knowledge, research and applied solutions to a world wide audience.

Our Method:

ISHS brings together people, ideas, research and experimental results, to enhance the positive impact of sustainable, science-based innovation in horticulture.

Our Objective:

ISHS aims to collaboratively develop solutions that empower horticulturists to address sustainability, climate change, health and well-being and the adoption of technology.

Our Commitment:

Since its inception, ISHS has upheld an international vision, supporting horticultural research and facilitating the adoption of new technologies world wide. We connect horticultural scientists, practitioners and industry, and promote sustainable lives and livelihoods.

Our Community:

ISHS fosters a diverse, multi-skilled, multi-disciplinary and multi-national community. We enable connections that enrich and amplify your work, creating value and impacting the world positively.

Our Network:

ISHS brings people and ideas together to shape the future of horticulture. Inspired by the search for solutions connected to practice, ISHS serves as a point of entry to a dynamic international network.

JOIN ISHS TO BE PART OF A GREATER ENDEAVOUR, MAKING A POSITIVE IMPACT ON THE WORLD TOGETHER.

International Society for Horticultural Science
Membership for businesses and corporations

Connect with a community of excellence!

An ISHS corporate membership gives you unparalleled access to our global network of experienced horticultural researchers, practitioners and their innovation projects. You also have an opportunity to engage with the best and most talented up-and-coming research scientists through our Young Minds initiative.

› Global connectivity

Prestigious partnerships! Exchange with other leaders in horticulture across the globe and expand your connectivity with the international scientific community, enhancing your company's innovative capacity.

› Showcase your excellence

Mark your presence! Every year, ISHS organises 30+ international congresses, symposia and workshops to facilitate the exchange of knowledge on the latest horticultural innovations. Through corporate sponsorship packages, you will have a unique opportunity to showcase your organisation to the world.

› Targeted support for our future

Engage and be recognised! Our future is contingent upon the success of a new generation of innovators and decision-makers. ISHS offers a way for your organisation to support emerging Young Minds from Africa, Asia and Latin America and for you to be recognised for your investment.

JOIN HERE

Joining ISHS allows CH Biotech to access cutting-edge research, boosting technology and competitiveness while building networks and collaboration with global institutions and industry leaders to expand internationally. By participating in ISHS's conferences and exhibitions, CH Biotech can showcase its products and enhance brand visibility. ISHS's platform also integrates academic research with practical applications, helping CH Biotech innovate and convert research into commercial value.
